

BUSINESS CONTROLLER FOR GROUP HEADQUARTERS OF VISIONARY RECYCLING COMPANY

Do you have a good understanding of both finance and IT? Are you eager to learn and develop in a dynamic work environment where you will be involved in many areas and at many levels? Would you like to be a part of an international corporation striving for a sustainable future? Then you may be just the person we are looking for.

Genan is now looking for a dynamic Business Controller for group controlling. Projected start date: 15 August 2024 – or earlier if this is what will suit the right match the best. Office base will be company headquarters in Viborg, but tasks will involve work for and cooperation with all group companies. You will report directly to the Finance Manager for our Danish operating company – but also work in close cooperation with our Group CFO.

Your main tasks

- Ongoing development of and training of colleagues in our Business Intelligence solution (QLIK Sense)
- Assistance in relation to M&A activities
- Sales controlling – prices, volumes and profit
- Assistance to colleagues as CRM superuser
- Assistance in connection with the budgeting process
- Follow-up on strategic KPIs
- Optimising various procedures and models
- Ad hoc tasks at group level (projects initiated by the Group CFO)

Your qualifications

For the position as Business Controller, we expect you to have a relevant MSc in e.g. Economics & Business Administration (cand. merc.). You may have graduated only recently or have 1-2 years of experience from a similar position. Most important is that you have the right mindset.

You must be service-minded and act as a business partner within the organisation – but also be able to set the limits when necessary.

English is our corporate language, and fluency in English is thus a must.

Business-related travel to our other sites may occur – but can be adapted to match individual preferences.

In respect of social skills, we expect you to be positive and open-minded of nature.

Your opportunities

We offer a challenging position in a dynamic, international company – and a strong team of colleagues to support you. Although Genan is a relatively small group, we work with almost all the same financial disciplines as larger groups; and you will be involved in many of these. The position as Business Controller thus offers a unique opportunity for you to develop your personal competencies in a global group structure.

Among colleagues, the tone is informal and based on the values of gratification, trust and initiative. These values are in focus daily to ensure a harmonious work environment.

For further information about the job, feel free to contact Finance Manager Niklas Støvring Bech on tel. +45 4114 6457.

Applications must be sent by e-mail to job@genan.com

We look forward to hearing from you.

Environmental company Genan boasts more than 30 years of experience in tyre recycling. Counting a total of six state-of-the-art factories – one in Denmark, three in Germany, one in Portugal and one in the USA – Genan is the largest tyre recycler in the world. Sustainability is our core value, and by turning huge volumes of end-of-life tyres into new resources, Genan helps solve an immense, global problem. To strive for a sustainable future takes a dynamic and dedicated team; and our more than 300 passionate employees are thus the core of our organisation.
